Certified Facilities Status for 2014 - TBD (To Be Determined) , Yes, No

Recycle % - does not include soils

Beneficial Use % - pertains to clean wood sent to energy recovery end markets

Recovery % = recycling plus beneficial use

** for Black River the % of recycling, beneficial use and landfill disposal is based on the amount delivered for recycling - the facility also receives C&D for disposal based on a contract with King County

Mixed Waste Recyclers Certification includes:

1) solid waste handling permit from local Health Department

2) compliance with local flow control requirements

3) submitting monthly reports to City of Seattle on material inflows and outflows

4) residual sampling meets standards for Seattle's landfill disposal bans on targeted construction materials
